PRODUCT PREVIEW

Vapor-Phase PSR Benzaco Scientific Inc. Stand 1835

Waterless odour control delivery systems for trash rooms, chutes and compactors. Benzaco's new PSR Systems provide timed release of Odor-Armor VPS odour counteractant in the form of dry vapor from lockable satellite stations.

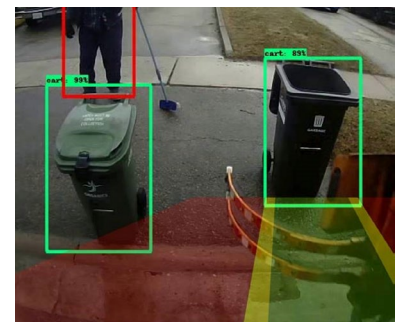

Despray 1500 DeSpray Environmental Stand 1329

A 100% aerosol recycling system with zero emissions to the environment. This system splits the (waste) aerosol cans into metal, liquid and gasses. All 3 to be re-used in a second life – full circular economy.

CartCatcher Eagle Vision Systems Stand 1508

CartCatcher uses vision recognition technology to identify a curbside garbage cart and fully automates the pick-up, dumping and replacement of the cart without the need for a joystick, improving safety, reducing pick-up times and training costs.

Margo Thunderstick Pyrotechnic Launcher **Margo Supplies Ltd** **Stand 1836**

Non-gun-look pyrotechnic launcher for use with 15mm Bangers, Screamers and Whistlers to keep pest birds away. Specifically designed for industry use.

M-Organics by Molok North America Ltd. **Molok North America Ltd.** **Stand 1529**

M-Organics is part of the innovative Deep Collection™ system by Molok®. Installed semi-underground, Molok® containers are vertical, have no odour and provide increased volume due to the natural compaction. Crane lifted, the containers provide placement versatility and require less space.

6110PF **SHOWA** **Stand 1014**

Crafted with SHOWA'S revolutionary Eco Best Technology (r) (EBT), this biodegradable 4 ml (0.10mm), nitrile disposable glove delivers unmatched comfort, dexterity and performance across a wide range of applications.
