November 5 -7, 2024, Toronto, ON

waste&recycling expo CANADA

Registration opens for the 2024 edition of Waste & Recycling Expo Canada

Atlanta, GA, April 29, 2024

The 2024 edition of Waste & Recycling Expo Canada (CWRE) comes with exciting updates. The next edition of Canada's only trade event serving the waste, recycling and public works markets will take place at the International Centre from November 5 – 7, 2024.

Registration for the 2024 edition of Waste & Recycling Expo Canada (CWRE) is open. CWRE attracts the greatest concentration of waste companies, government officials, fleet managers and public works managers at a single event across Canada. The event provides waste, recycling and public works professionals the necessary access to equipment, products and services needed to achieve success. Covering the entire spectrum of the industry, attendees will find new features to highlight the innovations driving today's market. This is all highlighted by the global diversity of exhibiting companies coming from across Canada, the United States and abroad including China, Italy and more.

"We are excited for 2024. CWRE has always had a reputation for providing a platform for strong business exchange with a diverse presentation covering every segment of the market, stated Kristy Meade, Vice President, Technical Shows, Messe Frankfurt Inc. Planning is well underway and we are eager to continue our growth across the waste management, recycling and public works industries.

Program Highlights

CWRE Conference:

Giving attendees the opportunity to learn from industry leaders covering some of the principal advancements in the waste, recycling and public works markets. Those who attend will receive gain insight on key subject matter including waste diversion, current and future policy updates, new sustainability practices, electric vehicles and more.

Circular Economy Stage: A show floor attraction for all, this educational programming hits hot topics in a fast-paced but informative style allowing visitors to interact with speakers and colleagues through engaging discussions and Q&A.

Innovation Awards:

With the goal of highlighting the latest innovations in the industry, this edition will host its first Innovation Award program to exhibiting companies across 8 various categories.

Student Poster Program

Bringing the future of the industry forward, university students showcasing their research and innovative ideas will have the spotlight in a focused area on the show floor.

Visitors interested in registering for the event, may do so [online here](#).

Early bird registration for the show floor is available for \$45. Visitors are encouraged to register in advance to minimize wait times on-site for their badge and avoid the increased onsite price of \$75.

Additional information on the show, educational sessions, and the reception, can be found on the [official website](#).

Interested in exhibiting? For the Canada or the USA, contact [Sarah Hatcher](#) at +1.678.732.2403. For all international participation, contact [Julie Nickel](#), +1.678 732 2427.
